

Modernize Relationship Lending for Small Business

Monitor your Customers' Financial Health with a Real-time Snapshot of Cash Flow

JUDI.AI's Financial Monitoring Solution

MITIGATE RISK & EXPOSURE

- Automatically calculate ongoing operating cash flow to track performance
- Detect early warning signals to manage future defaults and delinquencies
- Analyze financial health of your portfolio by industry, region, product type, loan size and more

STREAMLINE ANNUAL REVIEWS

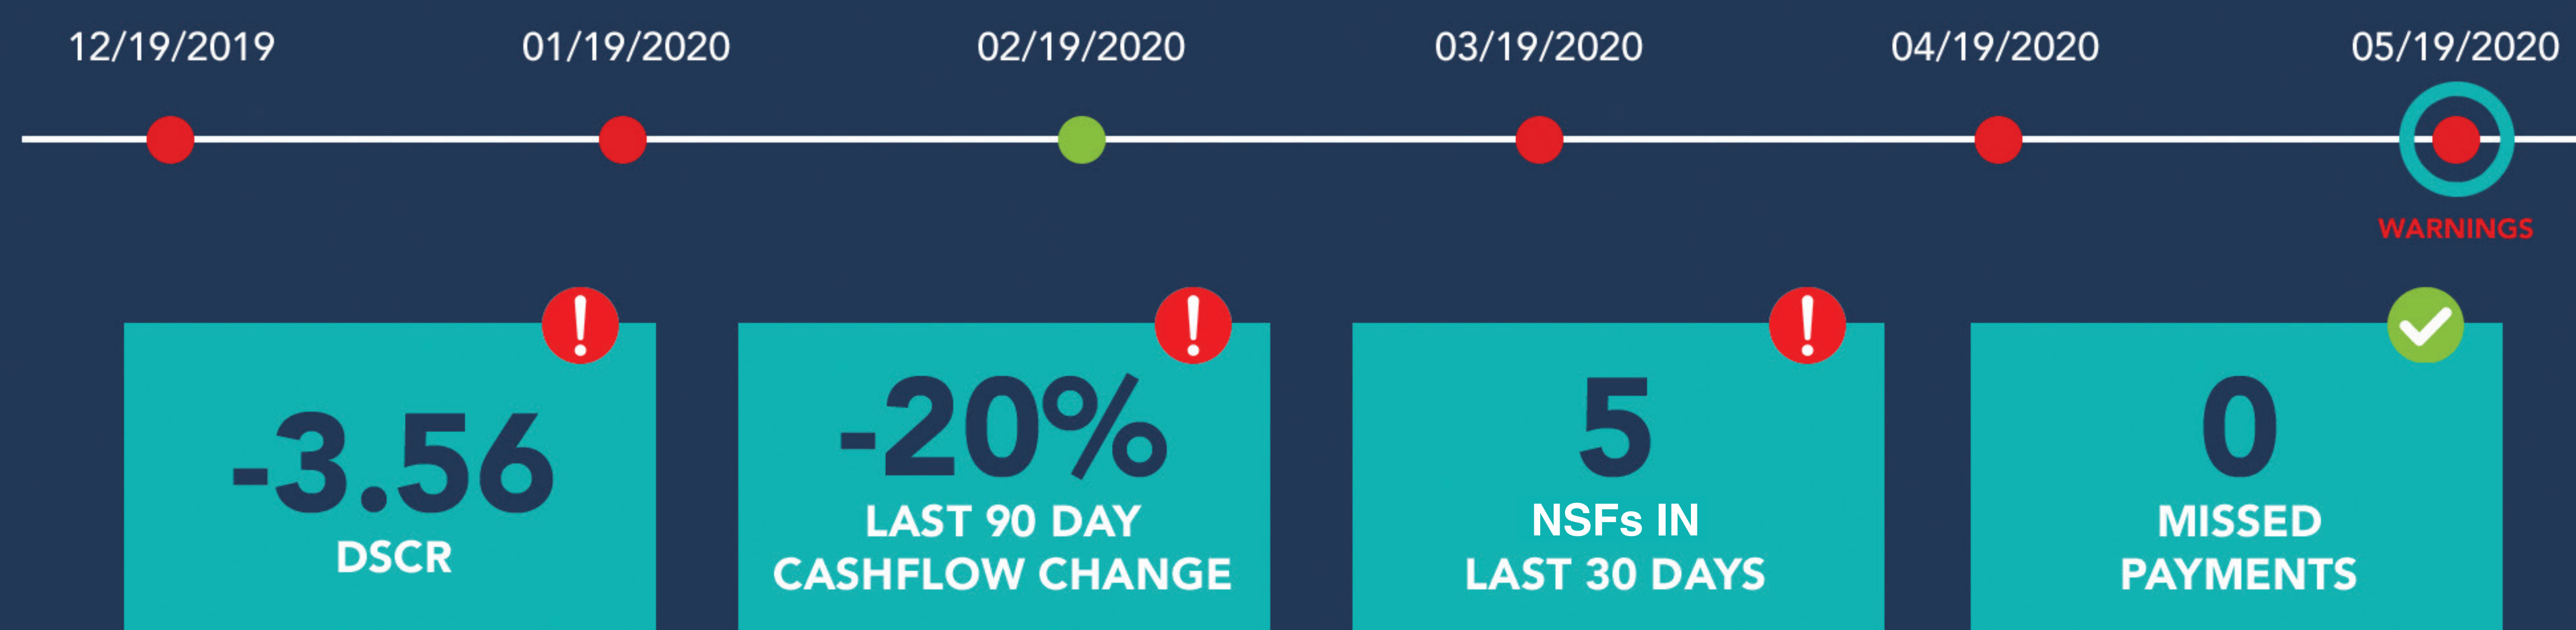

- Instantly calculate risk attributes on current cash flow metrics
- Augment your annual review process by identifying at-risk accounts
- Spend minutes not hours on accounts in good-standing

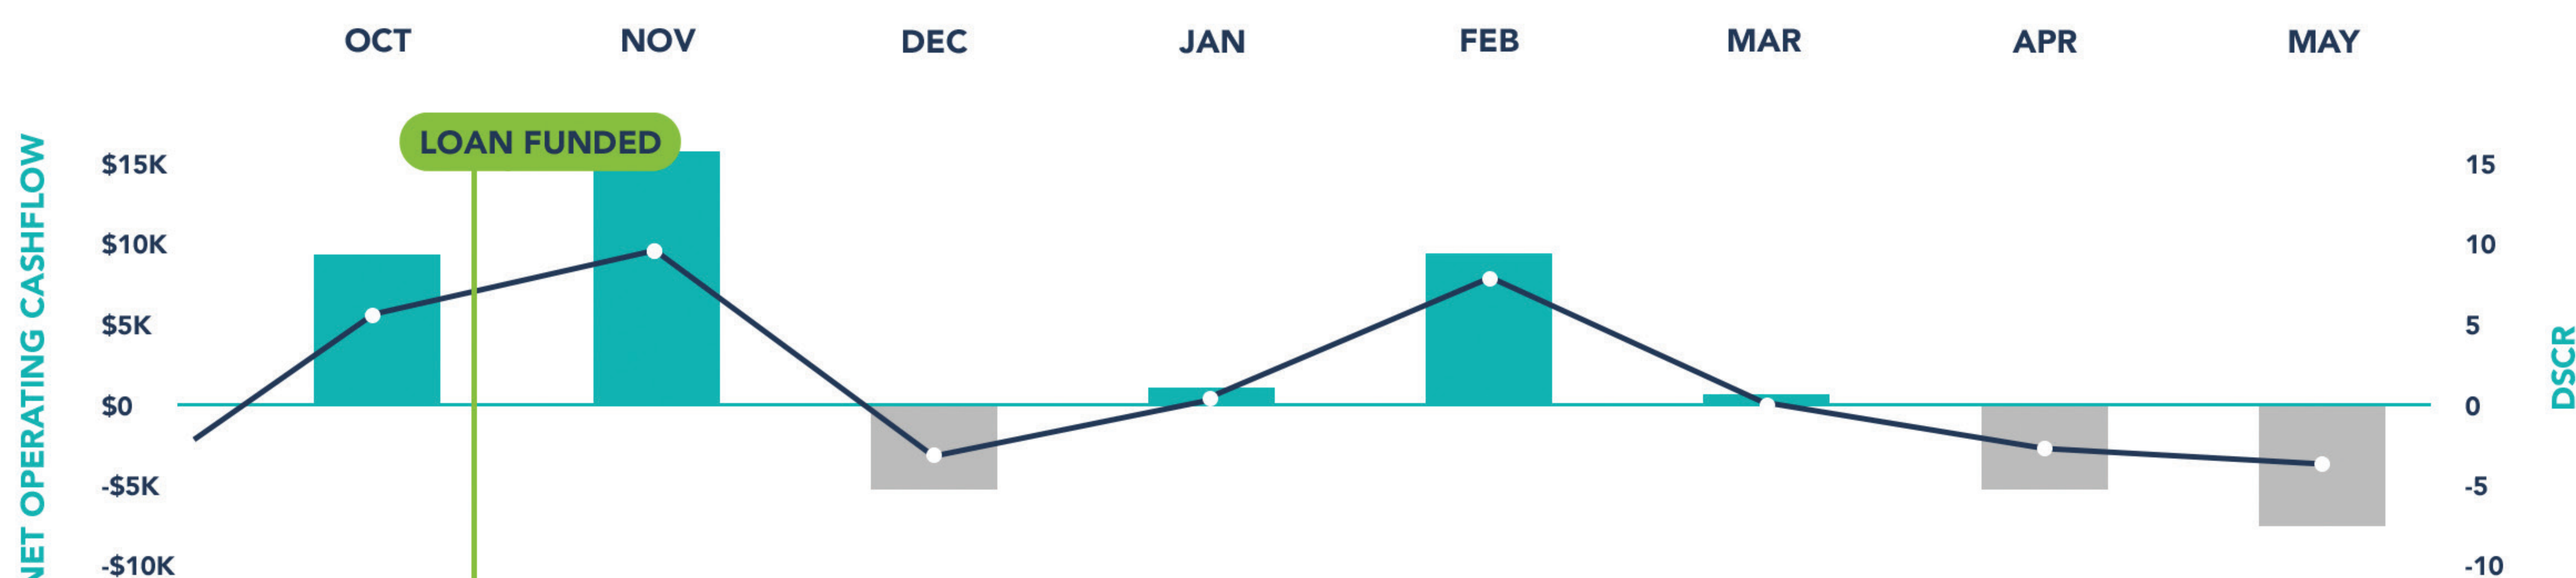

IMPROVE CUSTOMER SERVICE

- Leverage data insights to deepen relationships with your members
- Prioritize and proactively connect with at-risk borrowers
- Provide personalized financial advice to SMB owners
